

Product Specification Sheet

6.5 ft x 6.5 ft Blank Canopy Tents

6.5 ft x 6.5 ft Blank Canopy Tents ship on a hexagonal aluminum frame with a 600 D polyester canopy top. This size covers roughly one standard folding table and one to two chairs, making it the right call for compact shade setups where branding on the canopy isn't needed.

Material

600 D polyester canopy fabric on a hexagonal aluminum frame.

The 600 D denier rating means a tight weave that resists tearing under moderate wind and light rain.

Print Method

No printing. Factory-dyed solid stock color only.

Skipping the print step is why blank tents ship in 1 to 3 business days.

Color Output

Solid color only. No full-color graphics or logo placement on the canopy top.

Stock colors typically include white, black, blue, and red. Availability may vary.

Finishing

Pop-up scissor frame that expands and locks without tools. Wheeled carry bag included with every order.

Size

6.5 ft x 6.5 ft footprint.

Fits one standard folding table and one to two chairs with clearance on the sides.

Indoor/Outdoor Rating

Rated for outdoor use. Water-resistant and UV-treated canopy fabric.

Expect 2 to 4 years of regular outdoor use from the fabric. Aluminum frame typically lasts 5 to 10 years.

Single/Double-Sided

Single-sided canopy top. Solid color reads the same from all angles.

Optional sidewall printing is available as an add-on for buyers who want wall-level branding.

Weight

Frame weight runs roughly 40 to 60 lbs depending on frame material.

The aluminum frame sits at the lighter end of that range for easier solo loading and unloading.
