

Product Specification Sheet

Silverstep 60 Inch Tabletop Retractable Banner Stands

Silverstep 60 Inch Tabletop Retractable Banner Stands sit on any standard table surface and pull up in under 30 seconds. The graphic comes pre-installed in a retractable cassette on single-sided vinyl. This format suits marketing teams and event coordinators who need bold, table-level branding with a graphic they can swap per season.

Material

Single-sided vinyl graphic, pre-installed in the retractable cassette.

Vinyl gives you a smooth, wipe-clean surface that holds sharp color between events.

Print Method

UV cured or dye sublimation printing.

UV cured bonds ink under ultraviolet light. Dye sublimation absorbs ink as a gas into the material for zero glare.

Color Output

Full-color CMYK.

CMYK (cyan, magenta, yellow, and black) reproduces your brand colors accurately across the full 60 in graphic.

Finishing

Retractable cassette mechanism.

The spring-loaded housing stores the graphic under tension and lets it pull up and retract cleanly after each use.

Size Range

Width: 60 in. Format: tabletop (sits on a table surface, not freestanding on the floor).

Multiple height options available.

Indoor/Outdoor Rating

Indoor use only.

Expect reliable performance in lobbies, conference rooms, trade show halls, and retail interiors for 6 to 12 months of regular use.

Single/Double-Sided

Single-sided.

The graphic faces one direction, which suits table displays where visitors approach from the front.

Weight

Roughly 8 to 25 lbs depending on display type and configuration.

A carry bag is included with every unit.
