

Product Specification Sheet

Step and Repeat fabric pop up straight displays

Step and Repeat fabric pop up straight displays use a spring-loaded accordion frame with a single-sided dye-sublimated fabric graphic attached directly to the frame. The polyester surface runs matte, which makes it the right choice for any event where flash photography is expected. Available in 8 ft and 10 ft sizes, both stand free without a wall.

Material

Dye-sublimated tension fabric graphic on a spring-loaded pop-up frame.

The matte polyester surface absorbs camera flash and keeps logos sharp in photos.

Print Method

Dye sublimation ink bonds directly into polyester fibers under heat.

Colors stay crisp and do not crack or peel after repeated folding between events.

Color Output

Full-color CMYK (cyan, magenta, yellow, and black combined).

Reproduces logos and brand colors accurately across the full graphic surface.

Finishing

Single-sided dye-sublimated fabric graphic with printed end caps included.

End caps cover the frame edges so no hardware shows in photos.

Size Range

Available in 8 ft and 10 ft booth sizes.

The 8 ft width fits roughly 1 to 3 people. The 10 ft fits groups of 4 to 6 comfortably.

Indoor/Outdoor Rating

Rated for indoor use only. Not rated for outdoor wind or rain.

Indoor displays typically hold up through many event cycles without fading.

Single/Double-Sided

Single-sided standard. Repeating logo pattern prints on the front face only.

The back shows the frame structure.

Weight

Roughly 8 to 25 lbs depending on display size.

The included carry bag holds the full kit and fits in a car trunk or checked luggage.
