

Product Specification Sheet

Custom Jeep Door Decals

Custom Jeep Door Decals run on 4 mil white PVC calendar film with permanent adhesive and a matte finish. UV printing at 720 DPI minimum locks color into a scratch-resistant, waterproof surface rated for 3 to 5 years outdoors. These decals fit flat and slightly curved Jeep door panels up to 58.5 in wide, die-cut to your exact shape.

Material

4 mil white PVC calendar film. Matte finish. Conforms to flat and slightly curved Jeep door surfaces without lifting at the edges.

Print Method

UV printed. Ink cures instantly under ultraviolet light, giving you a waterproof, scratch-resistant output that survives car washes and off-road exposure.

Color Output

CMYK full color at 720 DPI minimum. CMYK (cyan, magenta, yellow, and black) gives accurate color across logos, photos, and custom graphics.

Finishing

Die-cut to custom shape. Kiss-cut on backing sheet so the decal peels cleanly in one piece without tearing.

Size Range

Custom sizes up to 58.5 in wide. Sizes over 58.5 in ship in multiple pieces for manual alignment on the door panel.

Indoor/Outdoor Rating

Outdoor rated 3 to 5 years. Water resistant, scratch resistant, and UV stable after a 72-hour adhesive cure.

Single/Double-Sided

Single-sided. Adhesive back, printed face, designed to bond to the door surface with the graphic facing outward.

Adhesive Type

Permanent adhesive. Bonds to painted metal, glass, and plastic. Removable with a heat gun and slow peeling on factory paint without paint damage.
