

Product Specification Sheet

Custom Motorcycle Decals

Custom Motorcycle Decals run on 4 mil white PVC calendar film with permanent adhesive, UV printed at 720 DPI minimum for full-color CMYK output. These decals are die-cut to any shape and rated for 3 to 5 years of outdoor road exposure on tanks, fenders, fairings, and helmets.

Material

4 mil white PVC calendar film. Matte finish. Flexible enough to conform to curved motorcycle surfaces without cracking or lifting.

Print Method

UV printed. Ink cures instantly under ultraviolet light, producing a waterproof, scratch-resistant surface without a separate lamination layer.

Color Output

Full-color CMYK at 720 DPI minimum. Reproduces logos and graphics in crisp, accurate color across all panel surfaces.

Finishing

Die-cut to custom shape. Kiss-cut on backing sheet for clean peel and accurate panel placement.

Size Range

Custom sizes up to 58.5 in wide. Designs wider than 58.5 in ship in multiple pieces with alignment guides.

Indoor/Outdoor Rating

Outdoor rated 3 to 5 years. Resists water, road debris, and direct sun. Indoor use typically extends life beyond 5 years.

Single/Double-Sided

Single-sided. Printed face carries the graphic. Adhesive back bonds to the surface. Not rated for double-faced or see-through applications.

Adhesive Type

Permanent adhesive rated for painted metal, plastic, and fiberglass. Removable with a heat gun and slow peeling without damaging factory paint finishes.
