

Product Specification Sheet

Custom Truck Rear Window Decals

Custom Truck Rear Window Decals run on 4 mil white PVC calendar film with a matte finish and permanent adhesive. UV printing locks in full-color graphics rated for 3 to 5 years of direct outdoor sun exposure on glass. These decals suit commercial fleet branding, business identification, and personal truck customization on rear window glass.

Material

4 mil white PVC calendar film, matte finish.

PVC calendar film is a thin, flexible vinyl that conforms to flat and slightly curved glass without bubbling.

Print Method

UV printed at 720 DPI minimum.

Ink cures instantly under ultraviolet light, giving you a scratch-resistant, waterproof surface that holds up under road conditions.

Color Output

CMYK full color.

CMYK (cyan, magenta, yellow, and black) reproduces logos, photos, and text with sharp, accurate color across the full decal face.

Finishing

Die-cut to custom shape. Kiss-cut on backing sheet.

Kiss-cut (vinyl layer cut, backing sheet left intact) means the decal peels cleanly without tearing.

Size Range

Custom sizes up to 58.5 in wide.

Orders wider than 58.5 in ship in multiple pieces with alignment guides for joining on the glass.

Indoor/Outdoor Rating

Water and scratch resistant. Outdoor rated 3 to 5 years in direct sun.

Holds through car washes after the first 72-hour cure period.

Single/Double-Sided

Single-sided.

Adhesive back bonds to the glass. Printed face shows from outside the vehicle.

Adhesive Type

Permanent adhesive.

Removable with a heat gun and slow peeling without leaving residue on factory glass.
