

Product Specification Sheet

Custom Vinyl Truck Decals

Custom Vinyl Truck Decals run on 4 mil white PVC calendar film with permanent adhesive, UV printed at 720 DPI minimum for outdoor use. They fit door panels, tailgates, rear windows, and cab surfaces on any truck. Outdoor rated 3 to 5 years.

Material

4 mil white PVC calendar film, matte finish.

Thin but sturdy vinyl that conforms to flat and slightly curved truck surfaces without cracking or lifting at edges.

Print Method

UV printed (ink cured instantly by ultraviolet light).

Creates a scratch-resistant, waterproof surface that holds up through car washes and road debris without peeling.

Color Output

CMYK full color at 720 DPI minimum.

Accurate color reproduction across logos, photos, and bold text using cyan, magenta, yellow, and black.

Finishing

Die-cut to custom shape, kiss-cut on backing sheet.

We cut around the exact outline of your design. Backing sheet stays intact so the decal peels cleanly.

Size Range

Custom sizes up to 58.5 in wide without a seam.

Designs wider than 58.5 in ship in multiple pieces with alignment guide markings for joining on the truck.

Indoor/Outdoor Rating

Outdoor rated 3 to 5 years.

Resists water, scratches, direct sun, and road debris. Indoors, the same decal typically lasts longer.

Single/Double-Sided

Single-sided. Adhesive on the back, printed face on the front.

Designed for application to painted metal, plastic, or glass surfaces.

Adhesive

Permanent adhesive.

Bonds firmly to painted metal, glass, and plastic. Removable with a heat gun and slow peeling on factory paint without leaving paint damage.
