

Product Specification Sheet

Custom Dry Erase Vinyl Decals

Custom Dry Erase Vinyl Decals turn any smooth wall, cabinet, or door into a write-on, wipe-off surface. The base material is permanent-adhesive vinyl with a glossy UV-cured dry erase coating on the face. Best for office walls, classroom surfaces, restaurant menu boards, and warehouse labeling zones.

Material

Permanent-adhesive vinyl with a UV-cured dry erase coating on the face.

The adhesive bonds firmly to smooth painted walls, glass, laminate cabinets, and solid doors.

Print Method

UV printing (ink cured instantly by ultraviolet light).

Output is scratch-resistant and waterproof directly on the glossy dry erase face.

Color Output

Full-color CMYK.

Any printed border, grid, or logo around the writable area reproduces in sharp, accurate color.

Finishing

Die-cut to your custom shape. Kiss-cut on the backing sheet for clean, tear-free peeling.

Size Range

Custom sizes up to 58.5 in wide.

Orders wider than 58.5 in ship in multiple pieces with alignment overlap marked on the backing.

Indoor/Outdoor Rating

Primarily rated for indoor use.

Outdoor exposure degrades the writable coating faster than interior walls or cabinets do.

Single/Double-Sided

Single-sided.

The printed and writable face is the front. The adhesive back bonds to your surface.

Surface Coating

Glossy UV-cured dry erase coating.

Accepts standard dry erase markers. Wipes clean with a dry eraser, soft cloth, or isopropyl alcohol for stubborn marks.
