

Product Specification Sheet

Blank 4-Sided Table Covers

Blank 4-Sided Table Covers are solid-color, unprinted covers made from 7 oz factory-dyed polyester. No custom printing is available on this product. They're best for event organizers covering multiple tables in one matching color, or buyers layering a printed Table Runner on top for a two-step branding setup.

Material

7 oz factory-dyed polyester. Color is dyed into the fiber during manufacturing, not printed on the surface.

Print Method

No printing available on this product. Color comes from factory dyeing only, not dye sublimation or any other print process.

Color Output

Solid color only. Stock colors typically include white, black, blue, and red. Check the configurator for current availability in your size.

Finishing

Hemmed edges on all sides prevent fraying after repeated washing. Fitted corners hold the drape shape at each table leg.

Size Range

Sized to fit standard 6 ft or 8 ft rectangular folding tables. Measure your table length before ordering, as covers don't adjust between sizes.

Indoor/Outdoor Rating

Suited for indoor use and light outdoor use in calm, dry conditions. Not rated for heavy rain or sustained wind without shelter.

Coverage

Four-sided fully enclosed. All four sides are covered from the table edge to roughly 29 in from the floor, hiding everything stored underneath.

Weight

Roughly 2 to 4 lbs depending on table size. Light enough to carry between setups without a cart.
