

Product Specification Sheet

Blank Fitted 4-Sided Table Covers

Blank Fitted 4-Sided Table Covers are solid-color, unprinted covers built from 7 oz factory-dyed polyester with tailored sewn corners and a snug contoured fit on all 4 sides. They're sized for standard 6 ft or 8 ft folding tables. These covers are the right call for conferences and banquets where you need uniform table coverage without printing costs.

Material

7 oz factory-dyed polyester.

The fabric is dyed solid during manufacturing so color runs consistent through the weave on every unit.

Print Method

No printing applied.

These covers are factory dyed only. No dye sublimation or any other print process is used.

Color Output

Solid color only. Stock colors include white, black, blue, and red.

Color availability may vary by table size. No custom color matching is available.

Finishing

Hemmed edges on all panels. Fitted corners are sewn and tailored for a snug contoured fit.

The sewn corners hug the table shape rather than draping loosely at the edges.

Size Range

Fits standard 6 ft or 8 ft rectangular folding tables.

Select your table length at checkout. Covers are cut to fit that exact size.

Indoor/Outdoor Rating

Suited for indoor use and light outdoor use in calm conditions.

Not rated for sustained outdoor wind or heavy rain without shelter.

Coverage

4-sided fully enclosed. All 4 sides covered from table edge to floor.

Everything stored underneath stays hidden, including legs, cables, and boxes.

Weight

Roughly 2 to 4 lbs depending on table size.

Light enough to fold and carry between event spaces without a cart.
