

Product Specification Sheet

4-Sided Table Covers With Zipper

4-Sided Table Covers With Zipper are built on 8.8 oz tension fabric, printed full-color on all four sides with dye sublimation. They fit standard rectangular folding tables and suit trade show exhibitors, event vendors, and any team that needs complete branded coverage with occasional under-table access.

Material

8.8 oz tension fabric (smooth, medium-weight woven polyester). Machine washable cold, tumble dry low, no bleach.

Print Method

Dye sublimation printing bonds ink permanently into fabric fibers under heat. Colors do not crack, peel, or fade through washing.

Color Output

CMYK full color at 300 DPI across all visible panels. Front, both sides, back, and top panels each receive full-color coverage.

Finishing

Hemmed edges on all panels for a clean border. Rear zipper panel runs the full back height. Fitted corners hold the drape in place on the table.

Size Range

Available for standard 4 ft, 6 ft, and 8 ft rectangular folding tables. Drop length is roughly 29 in from table edge to floor.

Indoor/Outdoor Rating

Suited for indoor use and light outdoor use in fair weather. Colors rated for 50 or more washes without noticeable fading.

Coverage

4-sided fully enclosed with rear zipper access panel. Available in open-back or closed-back style.

Weight

Approximately 2 to 4 lbs depending on table size. Folds flat for easy transport between events.
